QM-05-129-TR

Subject/objet: **ESA Approval of Off-Gassing Test Houses**

Dear Mr. Zorn,

Following the completion of the ESTEC procedure for the approval of your associated equipment for off-gassing analysis, we are pleased to inform you that your laboratory located at Bremen has successfully passed this programme. It is now certified by ESA/ESTEC, in accordance with ECSS Q-70-29, for the sampling and analysis of space materials. This approval is valid for three years with effect as of May 1, 2005.

Yours faithfully,

M. van Eesbeek  
Head Materials Physics and  
Chemistry Section

R. Ciaschi  
Acting Head Product Assurance and Safety  
Department
